Login and System Changes

Due to cybersecurity and company policy the following changes have been made to the ImageTrend Elite System:

1. Number of Allowed Password Attempts

The maximum number of attempts a user is allowed before your Elite Account is locked is now set to 5.

2. Number of Previous Passwords

The number of old passwords to compare against the new password for uniqueness is now set to 12.

3. Session Timeout

The session timeout has been set to 15 minutes with an inactivity warning set to 5 minutes.

NOTE: Make sure all worksheets and signatures are saved and viewable in the timeline before the session time out occurs to ensure data is not lost.
