

ImageTrend Elite Clinical Release Notes

19May21 v2

The GMR ImageTrend Support Team has released an update to the Elite System. All iPads will need be connected to the internet and a Sync of All Resources (Settings/Sync All Resources) will have to be completed to receive the update.

For support, please utilize the GMR ImageTrend Support Site.

https://amgh.kayako.com

Due to recent requirements for State NEMSIS reporting the following changes have been made to the GMR ImageTrend Validation Rules. At least one Stroke Scale Type and one Stroke Scale Score must be documented on Stroke/CVA related patients using the <u>Stroke Scales or Stroke Scale Power Tool</u>. This does not change any requirements outlined in each GMR company specific policies, protocols, or related to proper documentation of the care rendered.

Validation Rule Change (affective on 5/20/21):

New Validation Rules for Stroke Scale Score and Stroke Scale Type

This requirement is satisfied by documenting the Stroke Score Type and Stroke Scale Score in one of the following Power Tools:

Stroke Scales (Multiple)
